News from Your Secretary

As you can see we are still in need of a President & Vice President for this year. We are hoping that someone will step in to fill the gap; otherwise we will not have any trails in Strong. You will then have to trailer your machines out of town to do any trail riding. The trails are now open for the summer but that may change if no one fills the two open seats. Just so you understand all trails in Strong will be closed if our Club dissolves.
